NEWS OF ALEXANDRIA

Planing Mill Engineer Is Caught in Flywheel.

HIS CONDITION IS CRITICAL

Oliver S. Stone, Fifty Years Old, Receives Serious Scalp Wound and Numerous Bruises—Jail Guards Take Henry Smith to Penitentiary for Electrocuting on February 18.

F. Clinton Knight, 625 King street, Alexandria, Va., is authorized agent and carrier for The Washington Herald. The Herald will be delivered daily and Sunday to any address in Alexandria for 50 cents a month.

WASHINGTON HERALD BUREAU.

Alexandria, Va., Jan. 29.—Oliver S. Stone, fifty years old, was caught in the flywheel of an engine at the planing mill of H. K. Field & Co. at 3 o'clock this afternoon and was almost scalped, receiving numerous bruises.

Employees of the mill found Mr. Stone in an unconscious condition. He was taken to the hospital in an ambulance, where his injuries were dressed by Dr. W. M. Smith. At a late hour to-night Mr. Stone had not regained consciousness. Attendants at the hospital stated his condition was critical.

At the time of the accident no one was in the engine room with Mr. Stone, and it is not definitely known how the accident happened. It is believed Mr. Stone was engaged in tightening up a bolt on some part of the machinery and must have slipped and fell against the flywheel.

Henry Smith, a negro, sentenced to be electrocuted on February 18 for the murder of Walter F. Schultz, was taken from the jail at Fairfax Court House today by Guards Smith and Pulliam. Before going he expressed a wish to see Chief of Police Goodie. The train stopped here only a few minutes, and the chief was unable to communicate with Smith. Smith appeared glad to leave the jail. The guards also carried with them Fred Harris and William Martin, negroes, the former sentenced to serve a term for stealing a cow and the latter for assaulting Gen. Floyd King.

Smith still maintains that his second confession is correct, and that his first confession, which implicated Calvin Johnson, Richard Pines, and Eugene Dorsey,

negroes, was a fabrication. The other negroes have already been convicted of the murder and sentenced to be electrocuted March 16 next. In Smith's second confession he repudiated his first one, which he asserted was made under duress.

In the event the injunction to restrain Lawrence Rishell or others from erecting a planing mill at the southeast corner of Columbus and Wilkes streets is dissolved, it is understood legal action will be taken by other neighbors. Attorney Samuel G. Brent has been retained by the parties who contemplate taking action. As stated, it is reported that Mr. Rishell is negotiating for the purchase of the home of Mrs. Lida A. French, who some time ago secured a temporary injunction restraining Mr. Rishell from erecting the mill.

The Civil Service Commission will hold an examination here on February 23 for the position of shoemaker, to fill a vacancy at the Indian School at Carlisle, Pa., at a salary of \$600 per year. On the same date they will hold an examination for examiner of clothing, to fill a position at the quartermaster's department, New York City, at a salary of \$2,075 per year. On March 3 the commission will hold an examination for technical assistant in pharmacology, male, for the Health and Marine Hospital Service, at a salary of \$1,800 per year.

Rev. Claude M. Hester, of Brightwood, D. C., will address a men's meeting in the Young People's Building of the Methodist Episcopal Church South tomorrow afternoon at 3:30 o'clock. He will take for his subject "A call for the best."

At the First Baptist Church to-morrow, Rev. W. F. Watson, pastor, will take for his subject at the morning services "The true principle of character." At the evening services his subject will be "The best is yet to be."

Veteran Hotel Man Dies.
Cumberland, Md., Jan. 28.—John Harper Hafer, proprietor of the Bedford House, Bedford, died suddenly yesterday while seated in the hotel office. He was a widely-known hotel man, and was fifty-four years of age. With his brother, he had conducted the Bedford House for more than twenty years. He is survived by a wife.

Pioneer Blacksmith Dead.
Grafton, W. Va., Jan. 28.—Francis M. Jenkins, a pioneer of Grafton, is dead, aged eighty-nine years. He was a blacksmith for the Baltimore and Ohio Railroad in its Grafton shops in the early '30s. He is survived by one son, Samuel H. Jenkins, and one daughter, Mrs. Mary Leps, sister, of Grafton.

MARRIED SINCE AUGUST.

Lynchburg Girl Deputy Ill with Typhoid Fever.

Lynchburg, Va., Jan. 29.—Miss Ernestine Mayberry, deputy city collector and receiving clerk in that office, was announced to-night, was married in Bristol, Tenn., August 17 last to George L. Rapp, an electrician of Lynchburg. The bride is now convalescent in a local hospital after a severe attack of typhoid fever. The bride is a native of Bedford County.

DISEASE FOLLOWS FLOOD.

Conditions in Port Deposit Worse Than Last Sunday.

Port Deposit, Md., Jan. 29.—Conditions in Port Deposit are as bad to-day, if not worse, than at any time since the flood of last Sunday. The town is covered by six inches of snow, slush, and sleet.

Sickness of all kinds, especially pneumonia, has followed in the wake of the flood. Physicians and nurses are working night and day, and it is feared that medical assistance will have to be appealed for to-morrow unless there is an unexpected change for the better.

The people of Cecil County and the State in general have responded nobly to the appeal of the flood sufferers for assistance, and contributions of money, clothing, and supplies are coming in from all sides. The coal supply, however, is low, and the committee in charge of the last pile of coal in the town is meeting it out to-day in as small lots as possible.

Small Failures at Lynchburg.
Special to The Washington Herald.
Lynchburg, Va., Jan. 29.—Two small failures occurred here to-day, one of them being Joseph Thomas, an Assyrian fruit dealer, near the union station, his assets being \$100 with liabilities the same amount. Joseph Lovett, a small clothier, assigned, having assets of \$200, with liabilities amounting to \$250. These make five small failures here this week, the liabilities of all aggregating about \$5,000.

KNOCKERS TO HAVE BANQUET.

Will Give Annual Dinner and Feast at Rauscher's February 20.

The Knights of Momus, more familiarly known as the "Knockers," are preparing to gather around the festive board on the occasion of their thirteenth annual banquet, which will be held this year at Rauscher's on the evening of the 20th of February. Those who have been fortunate enough to receive invitations to these affairs in the past and, better still, those who have been wise enough to accept thereof are looking forward to the arrival of this time with great anticipation, for there is no organization better known for its successful and pleasant sessions of the kind than is the "Knockers." And from present indications, according to those who are in the know, this coming knockoff promises to be not only no exception to the rule, but much more so.

The twelfth banquet of the Knights was held last year at the Arlington, when they entertained more than 300 guests, among them being many Senators and Representatives in Congress, Samuel Gompers, president of the American Federation of Labor; President Lynch, of the International Typographical Union; Prof. Moore, of the Weather Bureau; the Public Printer, Mr. Donnelly, and others prominent in the labor and political world.

For the coming dinner invitations have been issued, as is the organization's custom, to many of the leaders of Congress, both in the Senate and House, and from the answers being received to these it is apparent there will be no lack of such celebrities present. It is also expected that the Hon. Samuel B. Donnelly, Public Printer; Mr. Gompers; President Lynch, of the International Typographical Union; President James Toole, of New York Union, No. 6; President George Knott, of Chicago Union, and several other prominent out-of-town leaders of the printing trade movement will be on hand to take part in the festivities. Hon. A. H. McQuilkin, editor of the Inland Printer, of Chicago, the printing craft's criterion of the "art preservative," is expected to be "among those present," also W. B. Prescott, ex-president of the International Typographical Union, now of the Inland Printer Technical School, of Chicago.

At the annual meeting of the Knights of Momus, held on December 23, the following officers for the ensuing year were elected after having packed the convention, declared duly elected: President, Frank A. Kidd; vice president, Thomas A. Bynum; financial secretary, John A. Huston; recording secretary and scribbler of the scroll, Frank D. Smith, and treasurer, Harry A. Watkins.

After the meeting President Kidd announced the appointment of the following

The Way to Cure All Skin Diseases

The Prescription is Simple; Purify the Blood by Using Stuart's Calcium.

A Trial Package Sent Free.

If people only realized the utter absurdity of attempting to cure a pimply, blotchy, unsightly complexion by means of the many irrational and illogical methods employed in "beauty parlors," and also in the boudoir, thousands of dollars which are wasted, every year—literally thrown away—would be saved, and the complexion rendered clear and free from blemishes through constitutional treatment at about one-tenth of one per cent of the cost of the "fancy" and exceedingly expensive local "treatments."

The idea of massaging the cheeks, and attempting to rub in a so-called "skin-food," is the height of nonsense. Nature never intended the skin to be fed from the outside, but from the inside exclusively, and it is the blood which really feeds the skin, and will never cure wrinkles, pimples, pustules, blackheads, or other facial blemishes.

Besides, the frequent treatment of the skin in the way which "beauty doctors" have—those kneading, rubbing, "cooking" methods, making the face for the time being as red as a boiled lobster, also have the very undesirable effect of increasing and strengthening the hair-growth on the cheeks.

The only logical treatment in acquiring and maintaining a perfect complexion, devoid of all blemishes, such as blotches, pimples, roughness, chapping, scaly patches, etc., is to go after these troubles from the inside—to strike at the foundation, the origin of the complaints—and that means, in other words, to thoroughly purify the blood, by using STUART'S CALCIUM WAFERS.

These powerful little wafers are soon as taken into the system, exert their wonderful, blood-purifying effects, and they never let up for a moment, until every atom of impurity in the blood is eliminated, and in addition to that, they also build up the blood, and strengthen the circulation through the skin's surface, and thus render wrinkles and skin blemishes impossible of existence.

ter, M. L. Statler, and E. F. Geyer. Invitations, W. E. Burchfield, chairman; Frank D. Smith, John R. Purvis, R. A. Julian, and H. S. Weyand, Speakers. E. H. Ryan, chairman; T. C. Parsons, H. B. Goodrell, J. E. Bright, and T. J. Rowe Printing, John W. Michael, chairman; E. E. Calhoun, V. V. Viles, M. H. Barnum, and J. A. Henney, Press, M. A. Bodenbamer, chairman; C. C. Thompson, Oscar B. Hyler, A. J. Watson, and T. E. McKeon, Reception, Jason Waterman, chairman.

There will be a meeting of these various committees to-day, at which the program they have made will be noted and further arrangements for the banquet completed.

From all that can be learned, this affair will be in the nature of an eclipse of any effort of the past, and a royal good time and fun galore is in store for the ones lucky enough to be on the favored list.

Y. M. C. A. DEBATORS ELECT.

N. W. Nicholson Is Chosen President of the Organization.

Officers of the Y. M. C. A. Debating Society were elected last night, as follows: President, N. W. Nicholson; vice president, George Enscher; secretary, H. W. Huntsberger; treasurer, A. Nelson.

The affirmative won a debate on the subject, "Resolved, That capital punishment should be abolished." The negative side was supported by W. H. Clarke and J. R. Jones, while the winners were B. S. Stottle and Mr. Gorman. Next Saturday night a debate will be held on the subject, "Resolved, That labor unions subserve the best interests of the American people." This debate will be for the purpose of selecting a team to represent the association in an intercity debate with the Philadelphia Y. M. C. A.

The new method of procedure at the meetings has resulted in greatly increased interest in the society. After the debate proper the meetings now are thrown open to general discussion of the subject. As a result the members are rapidly learning parliamentary procedure as practiced in the House of Representatives.

Sixteen Words in Will.

Fayetteville, W. Va., Jan. 29.—The shortest will on record here is that filed by S. J. Jackson, of Montgomery, who left property valued at more than \$100,000. Jackson's will, complete, is as follows: "See that my debts are paid. I bequeath my estate and personal property to my wife."

Cadet Examinations in April.
Examinations for appointment of cadets of the line and cadet engineers will be held April 4, and board of the Revenue-cutter Service will convene in a number of cities to make the examinations.

BITES FOR GEN. DRAPER.

Services Will Be Held at Residence To-morrow Afternoon.

Funeral services for Gen. William F. Draper, who died Friday night, will be held at 3 o'clock to-morrow afternoon at the home, 175 K street, the Rev. Roland Cotton Smith, of St. John's Episcopal Church, officiating.

The body will then be taken to Hope-dale, Mass., where, after a short service at the grave, it will be buried in the family lot in Hope-dale Cemetery.

Honorary pallbearers were named yesterday as follows: The Italian Ambassador, Mr. Justice Harlan, Mr. Justice White, Senator Nelson W. Aldrich, Speaker Joseph Cannon, Senator Winthrop Murray Crane, Senator Stephen B. Elkins, Senator Eugene Hale, Senator John Keen, Admiral George Dewey, Admiral William H. Brownson, Admiral P. M.
